

ICE (In Case of Emergency)

In this case, "ICE" isn't something we have to scrape off our windshields in winter or keep off our wings in flight. Rather, "ICE" is short for *In Case of Emergency*. Young Eagles volunteers have compiled a great safety record over the past 20 years. However, no matter how careful we are, there are times when things don't go as planned.

First and foremost: Make sure first aid and qualified medical personnel are immediately notified of any injury, and protect damaged property from any further damage.

If there is an incident or accident at a Young Eagles event, please contact EAA Risk Management as soon as possible with the following information:

- Date, time, and location of the incident
- Names, addresses, and telephone contact numbers for all injured persons
- Names, addresses, and telephone contact numbers for all witnesses

In addition:

- Have someone take immediate photographs of the incident if possible
- Don't discuss the facts leading up to the incident at anytime with the news media
- Report the incident to a local FAA office or other government authority if applicable.
