

CAMP SCHOLLER
CAMPING RULES AND POLICIES
Effective April 19-29, 2025

All campers staying in Camp Scholler, which is a privately-owned campground owned and operated by Experimental Aircraft Association, Inc. ("EAA"), during the NFL Draft are subject to, and must follow, the Camping Rules and Policies, set forth below:

Campsite Reservations and Credentials

- Only water and electric campsites can be reserved for use during the NFL Draft.
- All campsites are reserved on a first-paid, first-served basis.
- Campsites may be purchased by going online at EAA.org/Camping/Football or by going to the Camper Registration building during open hours. Campsites cannot be reserved or purchased over the phone.
- Once purchased, a campsite tag will be placed on the applicable campsite to indicate the campsite has been reserved and is no longer available.
- Upon arrival, individuals must check-in at the Camper Registration building to receive their camping credentials.
- Camping credentials must be visibly displayed at all times on the camping unit and motor vehicle or motorcycles, if any. EAA security will periodically monitor the campsites to verify that proper camping credentials are displayed.
- Additional vehicle parking passes for the overflow parking lot may be purchased online or on-site at the Camper Registration building.
- Camping credentials and campsites may not be transferred or sold from one individual to another individual. Abandoned water and electric campsites may only be resold by EAA.
- Each water and electric campsite is serviced by one power pedestal. Plugging into any EAA building, facility or other campsite to run power is strictly prohibited.

Trailers, Vehicles and Tents

- No more than one (1) travel trailer, truck camper or recreational vehicle is allowed per campsite. Truck campers or recreational vehicles pulling a trailer are treated as one (1) single unit.
- No more than one (1) motor vehicle, or two (2) motorcycles, are allowed per campsite. Unauthorized or additional vehicles placed or parked in the campsite will be towed.
- The number of tents allowed depends on the sizes of the tents. Call EAA in advance if you are considering bringing multiple tents.

Camping Party – Minimum Age and Maximum Occupants

- No more than six (6) persons may stay overnight at each campsite, regardless of age.
- The individual placing the reservation must be at least eighteen (18) years old at the time the reservation is made. The person to whom the campsite is registered must be, and remain, part of the camping party at the campsite for the entirety of the stay and will be held responsible if any violations occur.

Checking In, Checking Out and Gate Hours

- You may check into your campsite any time after 9:00 a.m. on your reservation start date.
- You must check out of your campsite before 12:00 p.m. on the last day of your reservation. Campers leaving after 12:00 p.m. will be charged for that day. There is no grace period.
- Access to Camp Scholler will be provided from April 19, 2025 to April 29, 2025 from two separate entrances as follows (hours are subject to change):
 - Camp Scholler Camper Registration Gate: 24 hours/day
 - West Gate: 6:00 a.m. to 6:00 p.m.

Quiet Hours and Noise

- Quiet hours will be enforced from 12:00 a.m. to 7:00 a.m. During these hours campers are expected to be quiet and especially respectful of other campers and should turn down music and use low voices.
- At no time may the noise on a campsite create a disturbance or interfere, in any manner, with other people's enjoyment of the campground.

Garbage, Wastewater and Dump Stations

- Campsites must be left and restored to the same condition that they were in when the camping group arrived, normal wear and tear excluded.
- All garbage must be removed from the campsite daily and all waste must be deposited in appropriate receptacles.
- Dish and handwashing water must be disposed of at the sanitary dump station or in the campground toilets. It is against health and safety rules to dump "gray water" on the ground.
- Sewage must be disposed of at the sanitary dump station.

Campfires

- Campfires are allowed in firepits or existing fire rings and must never be left unattended.
- The Wisconsin Department of Natural Resources requests that all campers obtain firewood at or within a 10-mile radius of Camp Scholler or that campers purchase state-certified firewood.
- Only wood should be put into the fire – garbage, plastic, glass, cans and other items should not be burned.
- Fires need to be kept small and logs larger than the firepit area should not be burned.
- Campfires must be doused with water and extinguished completely when not attended.
- If the fire danger is high, as determined by the Wisconsin DNR, then fires may be prohibited.
- Campers are responsible for cleaning up after a campfire and for any damages caused by an uncontrolled or unattended fire.

Special Events, Live Entertainment, Commercial Operations and Advertising

- Campsites purchased to place non-camping units (i.e. used as a central meeting location or a lounge area) must be used in a way that only supports those camping in Camp Scholler.
